Submission Requirements

- A. Each application must be accompanied by the appropriate fee as noted on the fee schedule. Applications will not be processed until the fee is paid in full.

- B. SIX COPIES of each plan must be submitted and INDIVIDUALLY FOLDED. DIGITAL COPIES must also be submitted. TYPICAL SUBMISSIONS INCLUDE:
 - 1. Legal Survey of subject property and location map in relation to major intersections
 - 2. Site Plan showing existing site conditions, property boundaries and proposed works (e.g. existing and proposed grades, structures, watercourses, etc.)
 - 3. Erosion and Sediment Control Plans
 - 4. Post-Construction and Restoration/Landscape Plans

Please refer to the checklists and guidelines in the Planning and Development Procedural Manual at www.trca.on.ca/ for details. Please note that additional information may be required (e.g. geotechnical study, cross-section details, elevation plans, drainage details before and after development, etc.).

- C. If a consultant is submitting an application on behalf of the proponent, the Proponent Authorization form must be completed. Please note the permit will be issued in the name of the proponent. Permits are not transferable.
- D. If a proponent is applying to undertake work in a Regulated Area on property owned by a third party, separate Landowner Authorization confirming that the proponent is authorized to undertake the work, and confirming that the terms and conditions of this application are accepted by the landowner, is required.
- E. A permit is valid for a period of two years. After a permit has expired, a new application must be submitted. The current fee schedule applies.
- F. If revisions to the design of the project are required subsequent to the issuance of a permit, plans/documents reflecting the changes must be submitted to this office for further review and approval prior to undertaking the redesigned works.

Notes:

1. By signing this application, consent is given to TRCA, its employees and other persons as required by TRCA, to access the property for the purpose of inspection, obtaining information, and/or monitoring any and all works, activities and/or construction pertaining to the property in addition to the works as approved under cover of any permit issued by TRCA.
2. Permits granted by TRCA are not transferable and are issued to the proponent.
3. Permits granted by TRCA do not replace building permits or any other permits or approvals issued through municipal offices or other levels of government. A permit under Ontario Regulation 166/06 does not constitute TRCA approval of any related Planning Act or Environmental Assessment Act applications. Separate approval of all related applications must be obtained from the respective agency and TRCA.
4. Permits issued by TRCA are valid for a period of two years from the date of issue.
5. It is the responsibility of the proponent to ensure that a valid permit is in effect at the time the work is occurring.

Permit Review Procedures*

TRCA staff will assess your application to determine whether the proposed works will affect the control of flooding, erosion, dynamic beaches, pollution or the conservation of land in accordance with TRCA's programs and policies. Recommendations will be forwarded to the Executive Committee, who will decide whether to approve or refuse the application.

If staff is recommending refusal of the application and the owner wishes to proceed with the proposal, the Executive Committee will convene as a Hearing Board to consider the application. You will be notified of a hearing date which you and your consultant may attend. Upon reviewing information provided by TRCA staff and the owner/consultant, the Hearing Board will make a decision. If refused, the applicant will be notified of the reasons in writing. Within 30 days of receipt of the notification, the owner may appeal the decision of the Hearing Board to the Minister of Natural Resources who may dismiss the appeal or grant permission.

**As required under Ontario Regulation 166/06. Please refer to Ontario Regulation 166/06 and the Hearing Guidelines (October 2005) prepared by Conservation Ontario and MNR for the legal details of these procedures.*
