

2013 Accomplishments

Valleybrook Girl Guides Spring Plant

Date: May 11, 2013

Location: Valleywood

Watershed: Etobicoke Creek

Region: Peel

Municipality: Brampton

Partners: TRCA, Region of Peel, Town of Caledon, Brampton Guides

Brampton Girl Guides and their leaders participated in a planting event to help green a residential area in the Valleywood Community. The group planted 150+ native shrubs to enhance green space at Mayfield and Kennedy Road. This is an area with abundant wildlife, as is evident by the Red-tailed hawk who was busy gathering nesting material. These stewardship efforts provide a better understanding of natural spaces, provide habitat and protect water quality in Etobicoke Creek.

Positive Environmental Impacts

Vegetation Planted	# of Pieces Planted	Total Area Enhanced	Volunteers	Volunteer Hrs
Shrubs	152	230	10	30
