

Notice of Commencement of Environmental Assessment and Notice of PIC #1 for the Scarborough Waterfront Project Toronto and Region Conservation Authority (TRCA)

TRCA is beginning an Environmental Assessment under the *Environmental Assessment Act* to create a system of greenspaces along the Lake Ontario shoreline between Bluffer's Park and East Point Park in Toronto, Ontario. The vision of the Scarborough Waterfront Project is to create a system of greenspaces along the Lake Ontario shoreline which respect and protect the significant natural and cultural features of the Bluffs, enhance the terrestrial and aquatic habitat, and provide a safe and enjoyable waterfront experience.

The Process

On December 15, 2015, the Minister of the Environment and Climate Change approved the Terms of Reference for the Scarborough Waterfront Project. A copy of the approved Terms of Reference is available at the TRCA Head Office at 101 Exchange Ave, Vaughan, ON L4K 5R6 or at any time on the project website: www.trca.on.ca/swp.

This study will be carried out according to the approved Terms of Reference and the requirements of the *Environmental Assessment Act*. Results from this study will be documented in an Environmental Assessment, which will be submitted to the ministry for a review. At that time, the public, Aboriginal communities and other interested persons will be informed when and where the Environmental Assessment can be reviewed.

Consultation

Members of the public, agencies, Aboriginal communities and other interested persons are encouraged to actively participate in the planning of this undertaking by attending consultation opportunities or contacting staff directly with information, comments or questions.

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment and Climate Change for the purpose of transparency and consultation. The information is collected under the authority of the Environmental Assessment Act or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the Freedom of Information and Protection of Privacy Act. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Project Officer or the Ministry of the Environment's Freedom of Information and Privacy Coordinator at 416-327-1434.
